A LONG PASTORATE.

Rev. Dr. Pitzer's Sermon at the 27th

Anniversary Celebration. Yesterday marked the beginning of the twenty-eighth year in the history of the Certral Presbyterian Church, and on this anniversary occasion special services were held and a large congregation came together. In the morning an appropriate sermcn was delivered by the pastor, Rev. A. W. Pitzer, D.D., and in the afternoon there were exercises for the pupils of the Sunday

school. It has been the custom of this church to give to each scholar on anniversary Sunday a souvenir in the form of a handsome book, but this year, on account of the prevailing distress among the poor, it was decided that instead of receiving the members of the school should contribute something for the relief of the needy. Quite a large amount of provisions and clething was brought in, which will be distributed by a committee of the church.

A financial statement made to the congregation showed that while ten years ago, when the new edifice was crected, there was a floating indebtedness of \$6,000 and a mortgage on the property for a similar sum, the entire floating debt had been liquidated and the amount of the bonded

The doctor called the attention of his congregation to the length of his pastoral relations with them-twenty-sever years—and mentioned the names of sev-eral other city pastors who had served their people for longer terms, some of them

even for forty years.

When he first came to Washington the southern states were conquered territories, under control of war governors, where crder was preserved at the bayonet's point He had seen the country rehabilitated, slavery prohibited and the Union preserved. He sketched rapidly the significance of three remarkable religious conferences that had occurred here within a quarter of a century-the World's Evangelical Alliance, the Methodist ecumenical council and the Presbyterian general assembly. Speaking of the notable change in the methods of the prominence given laymen and said the world would never be evangelized by the ordained ministry alone. "Mr. Moody was never ordained by human hands," exclaimed the speaker,"yet would to God there were ten thousand Moodys!" He also noted the advancing position women were assuming in religious work, and paid a high tribute to their increasing usefulness, stating, in-cidentally, that to the influence and efforts

It is alive today, and this body of dogmatical truth will accomplish all God ever in-tended it should; it shall not return to Him void; God is behind it and in it and His

Word shall abide forever."

It is something, said the speaker, for a church to say in these days of unbelief and misbelief and violent attack upon the in-tegrity of the Scriptures that it has kept the faith. He called on his congregation not only to keep, but also to propagath the faith; and concluded: "I am not ask" for large numbers, wealthy parishioner. fluential attendants; give me rath few who hold fast to the integrity o saults of criticism of the body o truth and say, 'I have kept the fa

## HEAVY LOSS OF LIFE

Not Less Than Forty Drowned in the Ohio River Disaster.

ONLY 9 OF 22 PASSENGERS SAVED

The First Clerk of the Boat Has Become Insane.

INCIDENTS OF THE WRECK Special Dispatch to The Evening Star.

ST. LOUIS, January 21.-A special to the Republic from Hawesville, Ky., gives a story of the sinking of the steamer State of Missouri and places the loss of life at not less than forty. The writer of the dispatch visited the scene of the wreck, thirty-five miles from Hawesville, and reports that there were twenty-two passengers and a crew of seventy-eight on board. Of these thirteen passengers and nearly half the crew, principally negro roustabouts, were reported drowned.

C. C. Whitehead, an old river pilot, was on board, and to the correspondent said: "Out of twenty-two passengers only nine were saved. Among these were a young married couple from Louisville. The husband swam ashore with his wife and they were saved. A man and wife from Philadelphia escaped, but the man lost his clothing and \$4,000.

"Mr. Bush from Barros Point, Ark., was my room mate. He had thirty-five mules on board, which he was taking to his plantation. He was drowned and so were all his mules. "Second Clerk Charles Howard of Pa

ducah, Ky., was saved, and also Capt. Copeler; but the rescued passengers scored him bitterly for not attempting to save the boat. There was a passenger en route to Cairo injured. Nicknames Applied to the New French

LONDON, January 21.-The Paris correspondent of the Times telegraphs that an evening newspaper of the French capital has collected and reprinted a number of the epithets already neaped upon the new presas a rule, although a few of them were culled from the pages of royalist papers. In view of the fact that the fall of the Dupuy cabinet and the subsequent resignation of President Casimir-Perier were caused indirectly by an insulting article written in the Chomard by M. JUDGE HENDERSON.

A Successor for Judge John Vinson Has Been Chosen.

ROCKVILLE, Md., January 21. - Gov. Brown has aunounced the appointment of Mr. James B. Henderson of this place as associate judge in the sixth judicial circuit, which comprises Montgomery and Frederick counties. He succeeds Judge Vinson, whose term expired a week ago. For some time the fight for the appointment has raged bitterly, the candidates being State Serator Talbott, Mr. Thomas Anderson and Mr. Henderson. This appointment will last until next fall, when an election will take place for the full term. Mr. Herderson, it is thought, will be a candidate for the democratic nomination, although it is thought to be hardly probable that he will be given the nomination without a struggle. The new judge is a native of Mentgomery county, and is forty-nine years of age. For a number of years he was a teacher in the public schools, and afterward studied law with the late George Peter. He has practiced his pro-fession at Berkeley Springs, W. Va., and at Rockville. He was appointed state's attorney in 1879 to fill out an unexpired term. and in the same year was elected for a full term. He is a director of the Montgomery County Bank, a truster of the Rockville Academy, and has for many years been identified with many of Montgomery ccunty's business enterprises.

At the opening of the January term of the circuit court today at Rockville a pa-per was read expressing the sentiments of the bar on the retirement of Associate Judge Vinson. It was presented to the court by Mr. Thomas Anderson, and stated that at the meeting of the members of the bar of Montgomery county held on the 15th of January a minute was adopted expressing the regret of the members of the through the constitutional limitation of age, and expressing their strong appreciation of his services as a judge.

Killed for the Sake of Their Horses in Guatemala.

CITY OF MEXICO. January 21.-Report comes from Tehuantepec that Col. Dunn and Thomas Murphy have been murdered in Guatemala, while en route for the line of the Guatemala Northern railway, whither they were taking 100 mules purchased in this republic to work on the construction of that railroad. There is little doubt that the outrage was committed by renegades along the border for the purpose of getting better mounts for use in the threatened conflict between Mexico and Guatemala. The murdered men were Americans, for-merly connected with the Tehuantepec Railway Construction Company. An inves-tigation will be demanded by the Americans in Mexico and Guatemala.

from the headquarters in The Star building where The Star's pound party gifts were deposited, and at the close of the day it seemed as if hardly an impression had been made on the mass of food material which the generosity of the Washington public had contributed to relieve the suffering of the poor of the city. Every effort, however, was made to get as much as possible in the hands of the charitable distributing agencies, and if the total bulk of the contributions had not been sent on their beneficent errands it was due, not to any lack of energy, but to the almost overwhelming liberality of the citizens who attended The Star's pound party. However, the work was promptly resum-

ed this morning, and the numerous pound packages, which, by the accumulative power of united public action, had grown into tors, were sent to the various agencies designated by the citizens' central relief committee. It is expected that by this evening all that will remain of The Star pound party at headquarters will be the odor that pervades the room like unto the combined double concentrated essence of several grocery stores. Throughout the city, however, the memory of that striking expression of human sympathy and kindliness will continue for some time to lighten the burdens of poverty and to bring to homes made gloomy by misfortune substantial aid and cheer. In Various Quarters:

At the Central Union Mission today there were many calls made for assistance, and a great deal was done to relieve immediate needs. The misunderstanding which existed on Saturday in regard to the apportionment of supplies by the relief committee was cleared up and the mission is receiving materials from The Star's pound party for distribution. At a meeting of the gentlemen appointed

to dispose of the portion of Mr. John R. McLean's generous donation which was given to Georgetown, held last Saturday afternoon, the following division was made To the Associated Charities, \$600; to the police department, seventh precinct, \$600; Mr. B. The people of Anacostia propose to give a pound party on Wednesday for the benefit of the poor of the District. This charitable enterprise will be participated in not only by the regidents of Anacostia but by only by the residents of Anacostia, but by those living in the surrounding country.

The pounds can be left at the post office, from which point they will be collected and started on their journey of distribution. Contributions continued to come in to The Star's pound party after the day which had been fixed for that event. A number of contributions have been received. The employes of Moses & Sons sent thirty-one bushels of potatoes, and the employes of the interstate commerce commission sent eighty sacks of flour.

enthusiastic strikers, named Max Milier, Samuel Rosen, Jacob Ratter and Simon Lorden, were arrested on the charge of intimidating Lewis Steigler, a non-union workman employed at Chick Bros.' factory,

Steigler claims that the four men under arrest threw bricks and other missiles at his house, one going through the window, striking a baby which was sitting on its mother's lap. He also claimed that the men called him names and tried to intin.idate him from going back to work on Mon-day. It is stated that warrants are out for two other strikers for threatening bodily harm to one of Winchell's employes if he goes to work today. The shoe council held a protracted secret meeting yesterday and made arrangements for a monster mass-meeting and parade for Tuesday. A number of prominent labor leaders will speak.

Woman Charged With Manslaughter.

Special Dispatch to The Evening Star. CUMBERLAND, Md., January 21 .- The circuit court convened this morning, with Judge Hoffman upon the bench. As soon as court was called to order Daisy Mason, against whom an indictment has been found charging her with manslaughter, was brought in. The crime for which she is being tried is described as follows: Mrs. Dunlap was the proprietress of a disrepu-table house on North Mechanic street. Daisy Mason was an inmate. Richard Mulligan was a friend of Mrs. Dunlap. On the evening of November 14 Mulligan entered the house and abused Mrs. Dunlap, saying he would beat her, and followed her into a rear room for that purpose. Daisy Mason took a revolver out of the pocket of a man by the name of Peterson, and, going

killing him. Some trouble is being experienced in se curing a competent jury, a large number having been challenged. Army Orders.

## DISTRICT GOVERNMENT. An Adverse Report.

In a communication to Senator Isham G.

Harris, chairman of the District committee of the Senate, the Commissioners recommend adverse action upon Senate bill 2524, "To amend the charter of the Eckington and Soldiers' Home Railway Company," which was referred to them for their views thereon. The Commissioners are of the opinion that there is no public necessity for the extension proposed in the bill, and in their view the extension in some regards is objectionable. The extension proposed was along Michigan avenue and Bunker Hill road.

Practice of Medicine.

The Commissioners have forwarded to the chairmen of the District committees of both houses of Congress a favorable report on House bill 8133, "To regulate the practice of medicine and surgery in the District of Columbia." This is the bill prepared by Health Officer Woodward, and is known as the compromise bill, being a material change from the bill presented by the Dis-trict Medical Society, giving the other medical societies of the District a better representation in the matter.

In reply to a communication from Mrs.

Louise Patterson of 1914 Sunderland place, proposing to rent certain property in Vir-

ginia for a contagious disease hospital, the Commissioners have stated that they have no power to rent or purchase property for this hospital outside of the District of Co-

Adopted as Standard. The Commissioners have approved the recommendation of Capt. G. J. Flebeger, manhole cover used in the construction of the Columbia cable railway be adopted as

the standard for use upon street railways or underground conduits. Makes a Protest.

H. B. Wilson, attorney, has filed a protest with the Commissioners against raising the grade of 17th street in the vicinity of Florida avenue, and that of Florida avenue west of 16th street to a level with the grade of the last named street, for the reason that, if it is carried out, it will make an embankment nearly three feet high in front of his premises, burying his front door step nearly two feet under-ground, and reaching within six inches of the sills of the windows of the first story of his property. He further states that at Florida avenue the grade of 17th street is nearly twenty feet higher that it is on the same street two or three squares south of Florida avenue. He has requested the Commissioners to direct a resurvey of his

and the adjoining property. Deposit Requested. The Commissioners have approved the recommendation of Capt. G. J. Fiebeger that the Metropolitan Railroad Company be requested to deposit \$500 to cover cost of repairing cuts in connection with ex-aminations of certain sewers and gas and

A Recommendation. The Commissioners have recommended to Senator Harris, chairman of the District committee, with favorable action, Senate 1411 2438, "making an appropriation to pro-

vide for the expense of completing the Eckington valley trunk sewer from U street, Eckington to Lansing street, Brookland, D. C.," which was referred to them for examination and report. They recommend that it be amended by striking out the words "eighty-six" in line three, and inserting therein the word "eighty." Somewhat Objectionable. The Commissioners have recommended

adverse action upon House bill 8427, "To amend the charter of the Eckington and Soldiers' Home Railway Company," whica was referred to them for their views therecn. They are of the opinion that there is no public necessity for the proposed exsome regards objectionable. Compensation Allowed.

Edward Davis looks like an actor. Last night he illustrated a sermon on "Eternal Judgment" by assuming the character of Richard III, and quoting in a dramatic manner the famous soliloquy in the first scene, and also in the act of the play. The preacher's acting was realistic. There was a big audience, many attracted by curiosity. The clergyman is very young. In acting out the doom that overtook Richard III, the preacher fell on the stage just as Keene and Warde did.
